

## Letters To The Editor

In the Feb. 9th issue of the Avalanche in notes from the Horse's Mouth, it states that Michigan Trail Riders Association has decided to drop Grayling from its list of stops. As a Michigan Trail Rider member, I wish to say that this is not true.

We are planning an alternate trail that will go from Jim Hardy's Lost Creels Ranch near Lu-zerne to Lovell's. We will have an overnight camp somewhere in the Lovell's area. From Lovell's the trail will go in a northwesterly direction into Otsego County to get around the Military Reservation. The next overnight camp will be at my place, Babbitts Riding Stables. From here the trail will go southwesterly and join the main trail near Animal Land. I personally have planned this trail from Lovell's to Animal Land.

This new trail will enable a group of riders to make a four day circle ride. I also have a two day trail marked that goes north from my place across I-75 at Waters. From Waters the trail goes southwest-erly to Deward. From Deward south to the Horse Camp on the Manistee River where riders would camp for the night. The next day they would return to my place by the main horse trail.

Michigan trail riders working in cooperation with the Mich. Dept. of Conservation to have a horse camp near the Charles Corwin farm, also for improvements at the Manistee River horse camp.

The statement that Michigan Trail Riders is composed of many professional people might lead some to think it is just for profes-sional people. Anyone that is in-terested in horses and horseback riding can join Michigan Trail Riders by sending \$2 to Michigan Trail Riders Association Inc., at 411 State Bank Bldg., Traverse City, Mich.

All members receive a copy of the Michigan Trail Riders Guide book which has maps of the entire "Michigan Shore to Shore Riding and Hiking Trails" showing camp sites also lists places where hay and grain can be purchased, where horses can be rented and other in-formation about the trail.

You're ahead...

better ideas  
from Ford

You're ahead...with the strongest Ford ever built

On the Olympic ski jump at Lake Placid, Ford passes a rugged test of strength and durability. A regular-production 1967 Ford plunges down a 40-meter slope and soars 53 feet through the air... lands hard

You're ahead  
in a FORD  
all the way!

Ford demonstrates its performance and durability in impartial tests. Ford, Fairlane, Mustang all won their class at Union/Pure Oil's '67 Performance Trials. These trials test acceleration, braking and economy. Fairlane went on to beat all comers in this year's Riverside 500.

...and rides away still quiet, still strong. Strong enough, in fact, to take the same jump again and again. What's the difference between this car and the Ford you buy? Only a skid plate was added for driver protection. And you don't need that... unless you're planning to take some ski jumps of your own.

Quieter because it's stronger...stronger because it's better built

## Handy Hints

from  
HEIDI  
MATTHIAS

Citrus Fruit, Pork and other Protein Foods in good supply.

Bumper crops of citrus fruits, plus sizable supplies of meat and other protein foods are headed for food stores during the next few weeks.

Oranges are at the top of this list of plentiful as the result of harvests which probably will set a new record. Almost 30 per cent more oranges are expected than were harvested last year—enough to fill some 180 million boxes (about 40 pounds per box).

Grapefruit, too, are heading for market in well above average numbers. Look for both Florida and Texas fruit to be in good supply.

In meat departments, pork and pork products will attract consumer attention. With some 10 per cent more pork expected during the first half of 1967, than a year ago, a wide selection of meats in this "family" are likely to be wearing attractive price tags.

For meatless meals, shoppers will find both eggs and canned salmon readily available and attractively priced. Egg production is expected to continue an increasing trend. Some 24 million more cans (tall 1-lb. size) of salmon have been packed this year than last—attesting to the abundant "harvest" from the sea.

Additional good values in protein foods will be found in the assortment of dry beans (Navy, kidney, pinto and Great Northern). Dry beans and their cousins—dry peas and lentils—are food bargains both in economy and nutrition. And they may be eaten at any time, but they do appear in heavier supply during the present season—and likewise they do stretch the food money so appropriately. The old adage "you can't eat a nickel's worth of dry beans at one sitting" still holds for the most part, attesting to their claim as economy—and most home cooks treat them as old friends. Americans eat more than 300 million pounds of beans in a year. Beans are substantial foods. A pound of dry beans will give approximately seven servings when cooked. Dry beans in bulk or in cans are sold in retail stores but those you cook from scratch cost less than canned ones if there is time available for cooking—both are comparatively low cost. Dry beans are among the least expensive sources of protein. They should be combined or eaten in the same meal with animal source protein-rich foods such as milk, eggs or cheese, to remain economical and to be more useful.

## BITS O' TALK

Mrs. Matilda Bishop attended the National Association of School Administrators' convention held in Atlantic City, New Jersey. Carroll F. Johnson superintendent at White Plains, New York and a member of the school building commission of the American Association of School Administrators, was one of the speakers at the convention. He stated, "Schools in the year 2000 will include nurseries, community centers and gardens. Such schools will be open round the clock, round the year. We who design buildings and approve blueprints must dare to be daring. We want to teach children to love beauty, respect wisdom and seek peace."

We must have the courage to design school buildings which are visible testaments of our commitment to those values. The commission does not view the new school as an expensive, luxurious facility. We believe a school tailored to individual needs, a plant imaginatively designed with great versatility built into the blueprints, can be more economical and more efficient.

Marty says Town and Country TV and Radio will be closed the month of March.

## Hospital Auxiliary News

There were eighteen members and one guest present for the regular meeting of the Auxiliary February 9th at the hospital. One new member was also gained. The ladies did their usual work of taking care of hospital supplies, folding and assembling etc.

The meeting opened with a prayer. The reports of the secretary, treasurer and flower chairman were heard. It was decided to have an April Bake Sale, the exact date to be determined later.

At the conclusion of the afternoon the ladies enjoyed coffee in the hospital cafeteria with cookies furnished by Mrs. Leonard Jensen and Mrs. Harold Lee.

## Hospital Use Grows In 1966 Survey Shows

A comparative statistical report covering 1965 as opposed to 1966 as issued last week by Sister Mary Janice, R.S.M., administrator of Grayling Mercy Hospital, shows a continued use of the facility.

Sister Janice noted in a foreword to the report that "The impact of the opening of a medical unit of 15 beds in July 1966 is reflected in the charts and graphs for the year. Recognition should be given to the many employees who rendered the increased services to the additional patients."

Among the many interesting comparisons brought out in the survey are: total admission, 1965 2313, 1966 2566; total obstetrical admissions, 1965 197, 1966 232; total patient days, 1965 16,062; 1966 18,330.

Other comparisons made in the report show: total pediatric patients days, 1965 1295; 1966 1615; average total occupancy, 1965 83.8; 1966 84.1; number of operations performed—minor, 1965 349; 1966 361; major, 1965 270; 1966 251; number of meals served to patients, 1965 43,254; 1966 48,820; pounds of coffee brewed, 1965 1,914; 1966 1,945; cost of nourishment to patients, 1965 \$1,432.25; 1966 \$876.43.

Other figures which show the growth of the medical unit are: total laboratory tests, 1965 19,840; 1966 21,242; number of pounds of soiled linen, 1965 265,375; 1966 191,800; W-2 forms filled out, 1965 119; 1966 150; number of x-rays taken, 1965 11,033; 1966 14,187; number of emergency room patients, 1965 852; 1966 916.

## Fading Myth . . .

A popular myth about government debt is running in more and more trouble. In essence, that myth is the fictitiously fomented belief that deficits and the rising debt of the federal government are nothing to worry out because "we owe it to ourselves". Many a candidate has been elected to public office on the strength of this irresponsible thesis, which explains in large part the steadily depreciating value of the dollar and increasing inflation.

Now a brief item in U. S. News and World Report says, "Debt will be a matter of growing concern. Debt interest alone is headed for a 14-billion-dollar total, and sing. That's on federal debt, and it exceeds the entire federal budget of any 'New Deal' year . . ."

If debt is no burden because "we owe it to ourselves," then why should the government pay \$14 billion interest each year on the funds it borrows? Why not just let our citizens and institutions to turn over their herewithal to Washington with no strings attached? Since we are all allegedly one big family, why should a thrifty investor collect interest on borrowings that are to be used for the public good? Better yet, why not liquidate the entire interest obligation of some \$14 billion a year?

Why? Because repudiation would end with the financial collapse of the government.

This is the implication of the "we owe it to ourselves" philosophy.

## Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE  
FILES OF THE AVALANCHE OF 23 YEARS AGO

February 24, 1944

Out of 83 Michigan counties, Crawford County was first in the sale of E bonds. And in that issue our county sold 50% over its quota. This is a marvelous record of which we may all be justly proud. According to population, one out of every six men, women and children in Crawford County purchased at least one E bond. And a gratifying thing about it is that this drive was made without any fanfare, entertainment, drive, solicitation or bond sale party. People just came out and "laid their money on the barrelhead" of their own free will and accord. The Crawford County Bond Sale Committee is grateful to everyone who may have contributed to this success. There will probably be a fifth war loan drive in a few months but in the meantime it is hoped that everyone will systematically purchase War Savings stamps.

The annual Senior Prom was held last Saturday night in the High School gym. Decorations were carried out in a unique musical theme which added much gaiety and color to the gym. A popular song was dedicated to each Senior and a large replica of their songs adorned the gym walls. A fan of vivid colors spangled with notes and musical scores painted a delightful background for Loton Wilson's orchestra which provided excellent music for dancing. Twelve o'clock marked the Grand March, which was led by Billyann Clippert and Allan Stevenson. The Senior Class, under directorship of Mrs. Marius Hanson, their sponsor, is to be complimented on their party, which was one of the highlights of the school year.

Tuesday of this week Carl W. Peterson, owner of Peterson Beverages, manufacturer of carbonated beverages, sold his interests to Taracks Distributors of Alpena. This has been a fine business and has been built up to not only a high standard of products but to a large volume. It is because of his health that Mr. Peterson has been obliged to give up the business. For a brief interval however, he will remain with the new owners—Howard Taracks and Louis Douville, both of Alpena—until a new manager can be secured.

party made and decorated a lovely birthday cake, with "Best Wishes, Jane" inscribed on it. After the opening of gifts the remainder of the evening was spent in dancing. The party was held in the private dining room and all reported a grand time. Those attending were Ernestine Stephan and Beverly Stephan, Helen Gould, Donna Brown, Betty Smith, Bennie Allen, Ed Howse, John Harner, Gerald and Dale Burns and Jack Post.

The Grange members have been busy this winter; have met at the hall several times for work and pleasure. At least the quilt started by Gram Feldhauser is finished and will be on display at the hall next Saturday. Tickets will be sold to members only. Next Saturday there will be another get-together at the hall. The ladies are working on a necktie quilt, so bring in all the neckties you can—a good place to get rid of some of those Christmas ties the men don't want. Potluck at noon.

## Did You Know

That Christ did restore His Authority and Church and That It Is On Earth Today

Joseph Smith, Jr., not quite 35 years old, and disturbed by the contending religious faiths engaged in revivals, read James 1: 5 and followed its admonition, asking the Lord to help him choose the true church among the contending organizations. Accordingly, in a vision, he was directed not to join any of them, but to wait, and in due time, providing he proved himself, God would use him to RESTORE the fullness of the everlasting gospel of Christ again to the earth. At age 21, preserved records of ancient Scriptures were divinely entrusted to him and, when translated, came to the world as a record known as the Book of Mormon, after one of its ancient recorders. These Scriptures were found to contain the doctrines of Christ as taught to the ancient people of America. The authority to minister was later conferred upon Joseph Smith and another, with the instructions to organize the Church of Jesus Christ in the "latter days", and to promulgate its teachings. The church was organized April 6, 1830. The church was REORGANIZED April 6, 1860, under the hand of Joseph Smith, III who had been selected by his father before his murder at Carthage, Ill., 1844. Thus the Reorganized Church of Jesus Christ of Latter Day Saints is the continuation of the original church of the Restoration. Upheld as such by the courts of the land. It does not trace its origin to the Reformation movement, nor through division from any other group, but was established through man by Christ in accord with His new testament church, substantiated by His word in the scriptures and His working spirit in His church. For traces, Christ's Church Restored or An Introduction to the RLDS Church, write Avalanche Box F. Worship at the church of your choice this week. Regards, Members of the Reorganized Church of Jesus Christ of Latter Day Saints.

## Moose Lodge Activities

Well, it looks as though most everyone is out of the hospital again and getting back on their feet.

Our thanks to Walt Confer and Bernice Carrick for the fine dinner Saturday. It's too bad something like this has to be left up to a few members.

At the meeting Friday evening the nominating committee for this year's election was appointed by Gov. Art Stephenson.

Appointed, besides the elected officers and five past Gov., who are automatically on the committee, were: Newt Allison, Mary Forbes, Ray Carrick, Ken Fogle and Clarence Conklin. They will meet Friday, March 3rd. Anyone interested in an office should make it known before that date, in order to be on the ballot, unless you file a petition after the committee meets. Election will be Saturday, April 8 from 11 a. m. to 8 p. m. A list will be provided at the club for anyone interested to place your name on, if you wish to be nominated.

The next enrollment will be Saturday, March 4, by Holly degree team.

Much to our disappointment and regret Alfred Hanson announced he would be resigning his duties as Secretary of the Lodge as soon as the books were audited by Mooseheart and effective no later than January 1968. It will be very hard to find another as efficient as "Uncle Al". He expressed regret and listed "circumstances beyond his control", as reasons for leaving. He certainly deserves many thanks, and a big hand for a job well done.

## Woman's Club

Monday night the Grayling Woman's Club and their guests had a double treat in the form of two widely contrasted but very interesting programs. At 8 o'clock Mr. Fraser Dean of the Grayling school system talked and answered questions about his remedial reading program. Such programs are of tremendous value to many children in the community and most of us know but little about their work.

At 9 o'clock the Sweet Adelines of Roscommon gave a rousing presentation of barbershop music. Singing without musical accompaniment they followed the skilled direction of their leader Mrs. Jan Lorian with astonishing precision. Their enthusiasm and obvious enjoyment of their art added to the pleasure of the audience. Three of the group of twenty-four ladies are from Grayling, Mrs. Paul Thomson, Mrs. Jack Mead and Mrs. Kenneth Honey. In a field one usually thinks of as labeled for men only, these ladies offer highly capable and professional competition, and in their lovely matching gowns they are pretty too.

After refreshments served from a cherry-decorated table by hostesses Lora Gould and Johanna Gorman, the Sweet Adelines offered a bonus of several songs. They announced they were happy and ready to sing anytime, anywhere and for anyone, and welcomed recruits to their national charitable organization. Because of the length of the program no business meeting was scheduled.

## EXPLORERS ENJOY WINTER SPORTS

63 Explorers from nine Explorer Posts within the Paul Bunyan Council, Boy Scouts of America, spent the weekend of February 10 and 11, at Roscommon and Grayling enjoying winter sports with the Council's annual Explorer Winter Olympics. The Winter Olympics, held in Roscommon and Crawford Counties the past few years, involve representatives of the participating posts, competing against one another in the various winter sports enjoyed by thousands of Americans in our northern States.

This year's Olympics started Friday evening when the Explorers gathered at the Gerrish-Higgins Elementary School in Roscommon. Competition Friday evening included bowling and free-throw basketball, besides a review of the Saturday events. The explorers bedded down for the night in their own sleeping bags on the floor of the school and were up early for breakfast served by the ladies of the Roscommon VFW. The group then traveled to Bear Mountain Winter Sports Park near Grayling for their outdoor events.

Competition Saturday included Downhill Skiing for speed and control, Climb and schuse skiing for timed speed cross country, a Snowshoe race, Ice Skating racing and jumping, and a Snowball Throw. At the conclusion of the day the group returned to Roscommon for their closing banquet at the VFW hall. Scores of the events were tabulated and the winning Posts were presented their trophies. First place went to Post 60, second place to Post 73 and third place went to Post 61, all of Midland. Speaker of the evening was Pete Petosky, formerly superintendent of the Conservation Training School at Higgins Lake and now Asst. Director of Education for the Department of Conservation in Lansing.

Explorers attended from seven Explorer Posts in Midland and also from West Branch and Roscommon. Exploring is the older-boy program of the Boy Scouts of America and is for High School age boys from 14 to 17 years old.

## 125 Senior Youth At Camp AuSable

One hundred twenty-five senior youth from six Seventh-day Adventist academies, Andrews University, and Kingsway College arrived last Wednesday at Camp AuSable. They attended a Bible camp and were here until Sunday. These young people are a select group having been chosen because of their superiority and participation in school leadership.

Most of the time was occupied in Bible study and religious meetings, but there were periods for relaxation and recreation. On Thursday the group took a canoe trip down the AuSable River to Stephan Bridge.

Leading out in the camp is Elder Lawrence Caviness, youth director for Michigan Seventh-day Adventists. Associated with him are ministers, teachers and doctors who are presenting topics of vital importance to Christian growth and fellowship.

Camp manager, Harold Jewkes welcomed the group and guided them on hikes through the forest on a Nature adventure in God's second book.

### Simplicity Fashion Show To Be Shown March 1st

"Behind the Seams" will be the theme of a fashion-sewing presentation to be modeled at the Roscommon County Building on March 1st. There are to be two showings—one at 1 p. m. in the afternoon and the other at 7 p. m. in the evening.

Twenty fashions loaned by the Educational Division of the Simplicity Pattern Company of New York will be featured. The presentation, which includes selections for every age in many sizes, highlights the latest news in fabrics and colors in garments for day-time activities, leisure hours and special evening occasions. Of great interest to everyone who sews will be the emphasis on construction techniques for achieving the professional look. Lining, underlining and interfacing will be discussed in detail.

Both the sewing expert and beginner will find the hour well spent whether their interests and skills tend toward Simplicity's "How-to-Sew" and "Fifty styles, or the 'Designer Fashion' patterns which offer couture inspiration at popular prices.

The public is invited to attend.

Pontiac announces not one, two, three or four, but five magnificent new Firebirds for every kind of driving.

Now you can choose from five new Firebirds with the same advanced Pontiac styling, but with five entirely different driving personalities. And they all come with supple expanded vinyl interiors, wood grain styled dash, exclusive space-saver collapsible spare, bucket seats and wide-oval tires.
